

R E S E T

"Do you see what this means - all these pioneers who blazed the way,
all these veterans cheering us on?
It means we'd better get on with it.
Strip down, start running, and never quit!"
Hebrews 12:1 MSG

you from this passage?

Write or draw about it below.

ENGAGE

Describe the Church's "why" in three sentences or less.

How does the "why" illustrated by the pioneers of our faith align with the "why" you see embodied by the Church of today?

- How is the Church living out it's "why" faithfully?
- Where do you believe it is falling short?

Consider your expectations of the Church and your commitments as a member of The Body of Christ:

- What is one expectation or commitment that you could "strip down" in order to reflect a more accurate example of the here-but-not-yet Kingdom of God?
- What is one thing you might add to "get running" in this direction?

PRACTICE

Look at your calendar for the week ahead - using a color or symbol mark the commitments that align with this "why" and those that are in conflict with it.
